24th WORLD SCOUT JAMBOREE
at Summit Bechtel Reserve

A photograph of two young men, likely Scouts, focused on cooking. They are using a large, silver, cylindrical metal pot with a lid that is partially open. Inside the pot, there are yellow corn cobs. The man on the left is leaning over the pot, and the man on the right is wearing sunglasses and a red life vest. The background is slightly blurred, showing other people and outdoor equipment.
