

## IST Training

The World Scout Jamboree IST Training Team plans to offer all the modules on-line. We will have a link on the main 24<sup>th</sup> World Scout Jamboree landing page that will take the IST to the IST training page. The modules will be hosted by Adobe Connect. Adobe Connect tracks training completion so we can confirm that all modules were completed when the ISTs arrive. We plan to offer the training in English, Spanish and French as well as closed caption.

AREA	Proposed Training Topics
