Jamboree Flash Update

Base - Subcamps & Servmart

Base & Subcamps

- Aim to provide a mountaintop experience for jamboree participants, proactively assessing their camping experience, quickly solving problems that arise, and consistently exceeding the expectations of the participants.
- There will be 5 participant base camps (A-D with 4 Subcamps and F with 3) and one IST Base Camp (E) with 3 Subcamps. Total 22 Subcamps with approx. 882 Unit Sites.
- The standard unit site is 180ft (55m) x 36ft (11m), which will accommodate an average unit of 36 Scouts and 4 unit leaders.
- The Subcamps will be home for the participants during the Jamboree where they will sleep, prepare their meals and spend time with new friends from other Scouting units from around the world.
- Life at the Subcamp is a major element of the Jamboree program, where participants meet and interact with Scouts from other nationalities, cultures and countries.
- Each Base Camp will have a Food Market where you will shop for food items using a points system.
- Each Subcamp will have its own IST members that will ensure that everything runs smoothly, including Duty Officers who are well versed in camp operations, problem-solving, and proactive "Quality Control Officers" who will monitor activities in camp and proactively address any issues that arise.

Servmart

The Servmart is a temporary facility (large tent) that will house non-food materials and supplies to better serve the needs of Jamboree participants and provide material support.

- Servmarts are strategically located at each Base Camp and managed by the Base Camp team.
- Working hours will be 6:30 - 13:00 and 16:30 - 19:00. The hours may change, depending on jamboree participant usage.
- Some of the items provided by the Servmart include cleaners, limited replacement items for troop equipment.
- Each Servmart will be stocked with similar items.
- When a customer arrives at the Servmart, the staff will provide them with a “pick sheet” of items available in the Servmart and will assist them in selecting the items that they need.
- Damaged or defective items need to be returned to the Servmart for accountability purposes or repair.
- Units need to ensure that all items in their Troop kit remain in their Troop kit, which will be packed up at their campsites at the end of the Jamboree. Servmart will not accumulate additional inventory.
- There will be containers located inside the Servmarts for recycling batteries and printer cartridges.
