Jamboree Flash Update

Cultural Celebration Day - Friday 26 July 2019

On Friday 26 July 2019, participants will have an opportunity to experience food, dance and other activities from all over the world. All units will focus on sharing their own culture and that of others.

The World Scout Jamboree is all about the meeting of people and cultures, and on this day, the Jamboree site will be even more vibrant as participants will wear colorful national costumes and perform dances and music.

Morning: Subcamp Food & Cultural Festival

In each Subcamp, units are encouraged to share their culture including music, dance, costumes, games, and FOOD within their campsites. One of the possible ways to share your culture at the Jamboree is by sharing food, especially dishes of your homeland.

Please note that **frying is not allowed**.

NSOs should be aware of any US import restrictions on food. Please coordinate or request assistance from your respective embassies as required.

As an option, the World Scout Jamboree Food Team is pleased to present you with an opportunity to order additional or special food items for your units to use in their cooking preparations on Culture Celebration Day. We have assembled a long list of items to order. This process requires advance ordering by **19 April 2019**, and each NSO who wishes to make a purchase must submit a Cultural Day Food Order form indicating the desired quantity of each item.

Visit <http://jamboreefoodteam.org/culture-day-food-orders/> for more details.

Evening: Unity Show

Capping off a day of cultural celebrations, the Unity Show invites participants of the Jamboree to unlock the secrets of bringing different people together for a common purpose. Respect, openness, and the courage to share with one another our personal and sacred stories will be put into practice and culminate in a cherished sense of fellowship often felt when gathered around the campfire.

Subcamps will decide how they will arrive at the Unity Show. In general, participants and units will arrive and depart as they please to enjoy the festival feel. There are no prearranged seating arrangements.

Participants will follow existing unit mobilization instructions to the stadium and back. All participants will follow the buddy system for units. For safety and courtesy reasons, flags on poles will not be permitted, including chairs and backpacks. You can bring seating pads and water bottles.
