Jamboree Flash Update

Message from the Jamboree Director of Program – Scott Beckett

Life changing! Unbelievable! Extraordinary!

The 24th World Scout Jamboree is going to be the most amazing Scouting event ever! With 45,000 Scouts, their leaders, and the IST from 167 countries convening at the Summit Bechtel Reserve this summer, we are going to have a truly memorable party.

We in the Program Pillar are the ones who make the fun come alive! Scouts will connect with the world in thousands of new ways through the amazing technology and happenings of Connected Experience, and they will soak in all the fun and excitement of Mt. Jack and our spectacular Adventure areas. New ideas and learning will be unlocked throughout Centro Mondial, the Global Development Village, and World Point, while inspiration and unity will shine at our Stadium Shows. We can't wait!

One key role we have is to help everyone unlock something new through their Program experience. Please be the WSJ's ambassadors and wonderful hosts for all our guests, whether visitors, participants, or fellow IST members. The work we do in Program will kindle memories that will last a lifetime.

Lastly, thank you. Working with each of you to deliver the promise and make the dream a reality is a true honor I will cherish for the rest of my life. Let the adventure begin!

Yours in Scouting,

Scott Beckett
