Jamboree Flash Update

North American Dream

Welcome to the North American Dream program, where attendees of the World Scout Jamboree can explore 9 different areas that deal with the various concepts, ideas and physical features of the three host countries: Canada, USA and Mexico.

- **Innovation:** The Innovation area offer opportunities to launch rockets and compete for the strongest tower, while discovering how ideas and dreams are turned into reality.
- **Civil Liberties:** The Civil Liberties program is a chance to get involved in a court case and see justice in action.
- **Natural Resources** and **Parks Canada** introduce some of the incredible natural beauty and resources available to the North American Continent, including parks, historical sites, marine conservation areas, forestry, wildlife and surface mining.
- **Interconnectedness** is where attendees can meet new friends and discover areas that they are mutually passionate about, across diverse backgrounds.
- **Medal of Honor Foundation:** This program area discusses what it means to earn a medal of honor and the corresponding leadership skills only present in the most challenging environments.
- **Financial Systems:** The Financial Systems program area has activities to test if one can think fast and adjust to the changing demands in a free market system.
- **Entrepreneurship:** In the Entrepreneurship area, attendees will go up in front of a panel of judges in this Shark Tank: Jamboree Edition to present their own product after they have surveyed the market.
- **Free Market Economics:** Why is trade important? Come play a fun game and find out!
- **Culture:** The Culture program elaborates the rich cultures found across the North American continent, from present day to ancient civilizations, in terms of the language, music, settlements, traditions, food and cultures.
